Version v7

DOCUMENT VERSION CONTROL RECORD

Version Number	Effective Date of Release	Summary of Included Changes	Author
v7	12 August 2026	Rebuilt and mapped to the v7 133-slide deck	Dr Alfred Ang

TABLE OF CONTENTS

Course Delivery Overview.....	4
Day 1: Measure What Matters — Boundary, Scopes and Hotspots.....	5
Day 2: Move From Insight to Action — Priorities, Plans and Governance.....	6
Assessment Schedule — Separate 2 Hours.....	7
Resources.....	7

Course Delivery Overview

Two training days of 8 hours each. Assessment is scheduled separately for 2 hours. Break durations are not counted as training time.

Facilitation Principles

- Use the slides for visual explanation and the Learner Guide for procedures.
- Keep company-linked figures clearly labelled as illustrative unless a source explicitly reports them.
- Require evidence, units, assumptions and limitations in every activity output.
- Use peer review before trainer synthesis.

Day 1: Measure What Matters — Boundary, Scopes and Hotspots

Time	Duration	Learning segment	Slides	Method and trainer actions	Learner evidence
09:00–09:45	0:45	Administration, introductions and outcomes	1–17	Briefing, introductions and carbon-management decision cycle	Expectations and prior-experience map
09:45–10:45	1:00	K1 standards and inventory framing	19–27	Visual explanation, boundary checks and worked calculation	Boundary and principle responses
10:45–11:00	—	Break	—	Not counted as training time	—
11:00–12:30	1:30	K3 scopes, data and hotspot diagnosis	28–36	Scope classification, Pareto reading and calculator-fit decision	Scope map and hotspot interpretation
12:30–13:30	—	Lunch	—	Not counted as training time	—
13:30–14:30	1:00	K7 economics and investment tools	37–45	Payback, NPV, MAC and sensitivity examples	Calculation trail and economic caveats
14:30–17:15	2:45	Activities 1–3	48–51	Team analysis, tool demonstration, calculation and presentations	Boundary memo, engagement experiment and hotspot recommendation
17:15–18:15	1:00	Topic synthesis and formative check	45–47	Peer critique, trainer synthesis and individual exit response	Corrected decision trail and exit ticket

Day 2: Move From Insight to Action — Priorities, Plans and Governance

Time	Duration	Learning segment	Slides	Method and trainer actions	Learner evidence
09:00–09:15	0:15	Recap and outcomes	—	Retrieval questions and agenda	Recall check
09:15–10:30	1:15	K4 projections and scenarios	54–62	Scenario modelling and fleet worked example	Scenario assumptions register
10:30–10:45	—	Break	—	Not counted as training time	—
10:45–12:00	1:15	K5 technologies and feasibility	63–71	Technology cards, feasibility gate and pilot design	Feasibility scorecard
12:00–13:00	1:00	K8 portfolio prioritisation	72–80	MCDA, MACC, dependencies and bias checks	Portfolio rationale
13:00–14:00	—	Lunch	—	Not counted as training time	—
14:00–15:30	1:30	Activities 4–6	83–85	Scenario model, pilot screen and portfolio workshop	Model, charter and decision record
15:30–16:30	1:00	K2 EMS and governance	88–96	PDCA, controls and variance decision	Governance and control map
16:30–16:45	—	Break	—	Not counted as training time	—
16:45–17:45	1:00	K6 and K9 plan architecture	97–114	Target, roadmap, action contract and Singapore case	Draft reduction-plan architecture
17:45–18:30	0:45	Activities 7–9 and course synthesis	118–120	MR readiness, engagement design and capstone board review	Readiness plan, programme canvas and board-ready roadmap

Assessment Schedule — Separate 2 Hours

Duration	Instrument	Competency	Conditions	Evidence
1:00	Written Assessment — 9 SAQs	K1–K9	Open book; individual	Written responses and calculations
1:00	Written Assessment — Case Study, 3 questions	A1–A3	Open book; individual	Hotspot analysis, prioritisation and reduction plan

Resources

- v7 course slide deck
- v7 Learner Guide
- Nine activity folders and datasets
- SG Carbon Calculator
- Source register and current primary-source checks
